Visitor feedback 買家評語

"I've had productive discussions with suppliers specialising in large-scale food composting solutions and sustainable packaging, both of which align with the growing demand in our market. I've also identified innovative technologies, such as energy storage from a Canadian company, which could enhance our waste-to-compost solutions. What stands out about this fair is its variety and the strong government initiatives driving sustainability in Hong Kong, which contrasts with the private-led efforts in Dubai."

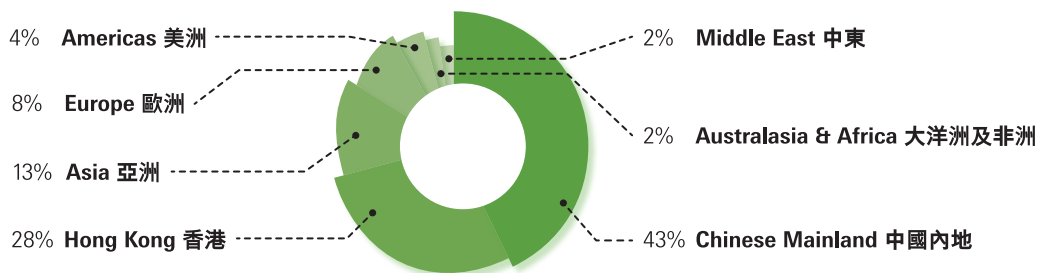

「我與專注於大型食物堆肥解決方案及可持續包裝的供應商進行了富有成效的洽談，他們都契合我們市場日益增長的需求。我還發現了一些創新技術，例如一家加拿大企業的儲能技術，可以提升我們的垃圾堆肥解決方案。這場博覽的亮點在於其豐富多樣的展品以及香港政府大力推動可持續發展的舉措。」
