Welcome Message

Welcome to Eco Expo Asia, jointly organised by the Hong Kong Trade Development Council (HKTDC) and Messe Frankfurt (HK) Ltd, and co-organised by the Environment and Ecology Bureau of the Government of the Hong Kong Special Administrative Region.

This year marks the 20th edition of Eco Expo Asia. Over the years, the Expo has developed into a world-class platform for showcasing the latest green products, equipment and technologies, while facilitating B2G, B2B and B2C collaborations, all with the aim of promoting sustainability. The persistent threat of extreme weather highlights the ongoing need for action in combating climate change, with carbon emissions still being the primary cause.

Themed “Green Innovations for Carbon Neutrality”, the 2025 Expo features some 340 exhibitors from 13 countries and regions, alongside group participation from the Chinese Mainland, Canada, Italy, Korea, the Netherlands and Norway. Exhibitors showcase a range of cutting-edge technologies and solutions in areas such as the circular economy and waste management, green and smart mobility, green fintech, air quality, water treatment and energy-saving technologies. Among these are AI-enabled waste management systems, holistic environmental solutions, smart eco-vans, IoT-based environmental monitoring systems, and tools for carbon management, energy analysis and sustainability reporting. In addition, a dedicated zone is reserved for promising start-ups and academic and research institutions to present innovative green technologies and R&D achievements.

Equally captivating as the exhibition, the annual Eco Asia Conference brings together industry experts and government representatives from the Chinese Mainland and Belt and Road countries to share valuable insights on current policies and practices in their regions. Conference sessions will focus on the circular economy, sustainable built environments and green and smart mobility, illustrating how cross-sector collaboration can drive progress towards carbon neutrality. Another highlight is the sixth Hydrogen Economy Forum, which will discuss successes, challenges and technological advancements in hydrogen adoption, with a special emphasis on collaboration within the Greater Bay Area. Additionally, a range of seminars, forums, product presentations and networking opportunities have been arranged to keep visitors informed about the latest sector developments and to foster meaningful partnerships.

Eco Expo Asia continues to adopt the HKTDC’s EXHIBITION+ hybrid model, allowing buyers to source beyond AsiaWorld-Expo. Leveraging the Click2Match smart business matching platform and hktdc.com Sourcing, buyers can schedule and conduct online meetings with local and overseas exhibitors until 7 November.

During the fair period, buyers can also scan the QR code of exhibitors using the Scan2Match function in the HKTDC Marketplace App to bookmark their favourites, browse product information and engage with exhibitors even after the exhibition to enhance their sourcing journey.

While carbon emissions have begun declining thanks to the implementation of various mitigation measures, achieving carbon neutrality by 2050 requires the participation and support of the community. As such, the Expo opens its doors to the public on the last day. Visitors can explore the latest green innovations and technologies, attend seminars and workshops, and shop for eco-friendly products at the Green Mart – all designed to support a more sustainable way of living.

On behalf of the organisers and supporting organisations, we wish you every success at Eco Expo Asia.

Welcome Message

Welcome to Eco Expo Asia 2025.

This year marks the 20th anniversary of Eco Expo Asia. In the last two decades, the Expo has developed into a leading environmental trade platform in Asia, convening experts, scholars, industry leaders and government representatives from around the world to promote green technologies and international collaboration. This year's theme, "Green Innovations for Carbon Neutrality", not only responds to the urgent global need for decarbonisation, but also reaffirms Hong Kong's unwavering commitment to green transformation.

The nation has emphasised the importance of "continuing to strengthen environmental protection and promoting green and low-carbon development" in the "two sessions" and the Report on the Work of the Government 2025. In this context, green innovation and technology are indispensable to decarbonisation efforts. Accordingly, the exhibition area of the Hong Kong Special Administrative Region (HKSAR) Government has been divided into four thematic zones: "Smart Technologies for Improving Environmental Quality", "Energy Saving and Green Buildings", "Waste Reduction and Recycling" and "New Energy Transport", showcasing the efforts and achievements of the Environment and Ecology Bureau (EEB) and other departments of the HKSAR Government in decarbonisation, as well as sharing practical experiences. Furthermore, a dedicated area is set up for the Environmental Campaign Committee, showcasing the accomplishments of green technology research and artificial intelligence application projects. We hope to inspire innovative thinking and work together to realise the vision of environmental sustainability.

Climate change poses formidable challenges to the global community. With the powerful backing of our nation and close connections with the rest of the world, Hong Kong is well-positioned to serve as a bridge between China and the world, sharing our nation's pioneering achievements in green initiatives and green technology. As ever, the EEB has invited environmental officials from the Mainland, Macao, the Association of Southeast Asian Nations (ASEAN), and the Belt and Road countries to share experiences in green innovation and technology, promote mutual learning and exchange, and collaborate in combating climate change.

Although the journey of green transformation is fraught with challenges, it is also brimming with opportunities. As an annual premier international environmental event, Eco Expo Asia once again provides an ideal platform for industries to explore and create green opportunities. We look forward to collaborating with all sectors as we strive towards global carbon neutrality together.

歡迎辭

歡迎各位蒞臨國際環保博覽。博覽由香港貿易發展局及法蘭克福展覽（香港）有限公司主辦，香港特別行政區政府環境及生態局協辦。

國際環保博覽今年踏入第20屆，早已發展成為世界級平台，專門展示各類環保產品、設備與技術，同時促進「企業對政府」、「企業對企業」及「企業對消費者」的合作，推動可持續發展。然而，全球持續受到極端天氣的威脅，凸顯我們必須積極採取行動，以應對氣候變化，而碳排放仍然是導致氣候變化的主因。

今屆博覽以「綠色科技 引領零碳未來」為主題，匯聚13個國家及地區約340家參展商，以及中國內地、加拿大、意大利、韓國、荷蘭及挪威等地區展團。展商就循環經濟及廢物處理、綠色及智慧出行、綠色金融科技、空氣質素、水質處理及節能科技等領域，展示一系列尖端技術及解決方案，當中包括人工智能廢物管理系統、全方位環境解決方案、電動客貨車、利用物聯網技術的環境監測系統，以及提供碳管理、能源分析及可持續發展報告的相關服務。另外，大會特為初創企業及學研機構設立「初創專區」，展出相關最新環保科技及研發成果。

一年一度的「亞洲環保會議」於博覽期間舉行，雲集來自中國內地及一帶一路國家的業界領袖及政府代表，分享各地最新政策及綠色環保項目，剖析重要環保議題。會議特設循環經濟、綠色建築及綠色智慧出行三大主題環節，展示跨行業如何邁向碳中和。另一焦點「第六屆氫能經濟論壇」，將探討綠色氫能前沿技術及成功案例，並強調大灣區區內合作，推動氫能的應用。此外，大會亦安排一系列的研討會、論壇、產品發佈會及交流活動，助參觀人士全面緊貼產業的最新發展，拓展人脈並建立合作關係。

國際環保博覽繼續採用「EXHIBITION+」（展覽+）線上線下混合模式，買家除了可於亞洲國際博覽館進行採購，亦可由今日起至11月7日期間，於「商對易」（Click2Match）智能商貿配對平台及「貿發網採購」（hktdc.com Sourcing）上，與本地及海外展商進行線上洽商。

在實體展覽期間，買家亦可利用HKTDC Marketplace App的「掃碼易」（Scan2Match）功能，掃描展商的專屬二維碼，收藏喜愛的展商及瀏覽產品訊息，並與展商保持聯繫，繼續採購之旅。

在各項減排措施實行下，碳排放量雖然已逐步下降，但要在2050年前實現碳中和，仍需要社會各界的參與和支持。因此，博覽於最後一天開放予公眾入場，了解最新環保發明及技術，參與講座及工作坊，亦可到「綠色市集」選購環保產品，一起支持更多可持續的生活方式。

我們謹代表博覽主辦方以及所有協辦及支持機構，祝願各位在國際環保博覽取得豐碩成果。

歡迎辭

歡迎蒞臨國際環保博覽2025。

今年，國際環保博覽迎來第二十周年。二十年來，博覽會已發展成為亞洲領先的環保貿易平台，匯聚全球環保領域的專家學者、業界精英和政府代表，推動環保技術與國際合作。今屆主題「綠色科技 引領零碳未來」不僅回應全球減碳的迫切需求，更彰顯香港在綠色轉型道路上的堅定承諾。

國家在2025年全國「兩會」和政府工作報告均強調要「持續加強生態環境保護，提升綠色低碳發展水平」。綠色創新科技在減碳工作上扮演着不可或缺的角色。有見及此，香港特別行政區政府的展館分為四個展區，分別以「智慧環境科技」、「節能與環保建築」、「減廢及回收」和「新能源運輸」為主題，展示特區政府環境及生態局和多個政府部門在減碳方面的努力和成果，以及分享實踐經驗。此外，我們特別設立環境運動委員會專屬展館，集中展示環保科研和人工智慧應用項目的成果，希望藉此激發創新思維，共同實現環境可持續發展的願景。

氣候變化是全球共同面對的嚴峻挑戰。香港憑藉祖國的堅強後盾及與世界各地的緊密聯繫，正好擔當聯通祖國與國際的橋樑，分享祖國在綠色倡議及綠色科技方面的卓越成果。今年，環境及生態局繼續邀請來自內地、澳門、東南亞國家聯盟（東盟）及「一帶一路」國家的環保官員，分享綠色創科經驗，促進彼此學習和交流，攜手應對氣候變化。

綠色轉型的道路充滿挑戰，但亦蘊藏無限機遇。國際環保博覽這個一年一度的世界級環保盛會，將再次成為業界探索和創造綠色機遇的理想平台。期待與各界攜手並進，共同為全球實現碳中和作出貢獻。

香港特別行政區
環境及生態局局長
